

REMARKS

The Examiner identified in the specification a few sequences that have no corresponding sequence I.D. numbers. In response, Applicants amend the specification by designating SEQ ID NO: 80 to the sequence (Gly₄-Ser)₃ appearing at page 2, line 25 and page 3, line 1.

Pursuant to 37 C.F.R. § 1.821(c), Applicants submit herewith a paper copy of a Sequence Listing with the addition of SEQ ID NO: 80 to the originally filed Sequence Listing in order to place the disclosure in compliance with the requirements of 37 C.F.R. §§ 1.821-1.825. Pursuant to 37 C.F.R. § 1.821(e), Applicants also submit herewith a diskette containing copy of the amended Sequence Listing in computer readable form.

Pursuant to 37 C.F.R. § 1.821(f), Applicants state that the content of the paper and computer readable copies of the Sequence Listing submitted herewith are the same as that which appears in the application.

Respectfully submitted,

Date: Nov. 15, 2002
